P.S. Here's a cool trick to really improve your dancing. Learn the opposite part. If you're a guy learn the girl's part, ladies learn the guy's part. The unique structure of our Wednesday night classes offers the perfect venue to do this and we have had many students take advantage of it.

Our classes were designed and structured by Mario Robau Jr. They make a seamless transition from one level to the next. Mario personally worked with all the instructors to ensure the highest level of instruction...

Lessons are sponsored by the Texas Classic Push Club.
